A TURN IN THE RIGHT DIRECTION

WHO WE ARE

We design solutions for structures and infrastructures that contribute to a better world. We develop our projects with commitment and responsibility, generating a quality turn towards the best solution.

We specialize in structural engineering, turning ideas into solutions that endure time. We work internationally, leveraging our expertise in more than 20 countries by working from our offices in Austin (TX), Argentina, Uruguay, and Paraguay.

Our team of 30+ professionals engages in each challenge bringing solid technical knowledge and generating deliverables that comply with international quality standards.

PROFESSIONAL AFFILIATIONS

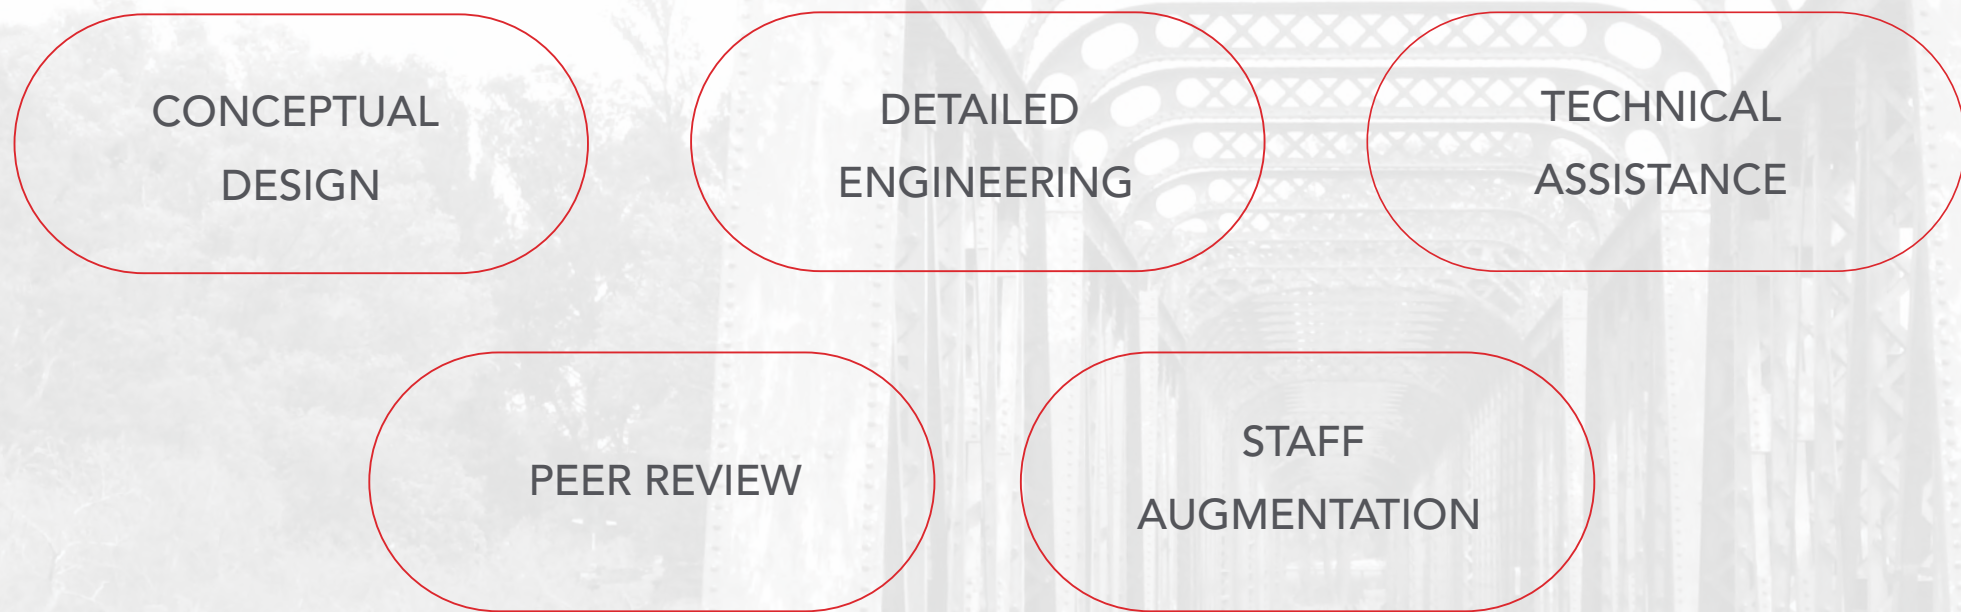

WHAT WE DO?

Our extensive experience enables us to adapt to different construction systems, regulations, and cultures. We work in different project stages, adding value to the creative process and boosting our ideas to meet our clients' needs and exceed their expectations.

SERVICES

MARKETS

STRUCTURAL ENGINEERING

Building Structures

WHY WORKING WITH RDA?

Because knowledge, efficiency and quality matter in a competitive world. In RDA Engineering we work to make an impact on the projects' lifecycle: we turn ideas into realities, creativity into solutions, and proposals into success stories. That's the turn we believe in. That's our value turn.

We aim to promote teamwork, working hand in hand with our clients since we believe that great achievements come from collaboration. As partners, we prove as:

SMART

We offer efficient solutions that maximize resources, reduce construction costs, and optimize deadlines and materials.

EXPERIENCED

We bring ideas into practice in a wide array of technical and cultural contexts. We consider the needs of each client generating the best solution for each project.

INNOVATIVE

We look at challenges from different perspectives and find solutions that combine new technologies, construction techniques and materials.

COMMITTED

We are more than just service providers: our clients' goals are ours and we augment their workforce to empower their capabilities with a result-oriented mindset.
